

Suggested supplies for SCIENCE CLASS!

Notebook- single subject, college-ruled;
the notebooks with a vinyl cover tend to survive
the year better! **If you cannot supply your own,**
please see Ms. Dalby by the end of the day Thursday 8/21/2014

Other suggested supplies- different colored pens and highlighters,
colored pencils, glue sticks and/or tape, scissors, sticky notes

*All these are supplied in class but we tend to run short on supplies often.
Students often find it more convenient to supply their own resources, though
they are more than welcome to the class supply any time!*
